Phil might have some advice but I would say to restart the client and try again, and if that doesn't work then restart server.

I guess you can first try just closing EED, reopening and then trying again

I am doing some testing (so far I have tested Town of Saukville and Village of Grafton, W 1-4) and when listening to the accessible audio voting instructions, the recording reaches "To enter a contest and move" it drops off and goes back to the beginning. Since this has happened on these two sets of cards, I assume it is throughout the database. Thoughts?

Hi Lisa

That is strange.

Are you able to hear any contests or choices?

Yvonne,

I am doing some testing (so far I have tested Town of Saukville and Village of Grafton, W 1-4) and when listening to the accessible audio voting instructions, the recording reaches "To enter a contest and move" it drops off and goes back to the beginning. Since this has happened on these two sets of cards, I assume it is throughout the database. Thoughts?

Just wanted to confirm since it's been a popular thing to do this election.

Here is a link to download the database.

Note: I had to add an extra space before the date this time due to a previous database that I had made with the proper name getting corrupted (this was weeks ago), so I had restarted but needed a different database name.

Hi Lisa

Just about done your database.

Just want to confirm one last time that no one is adding a set of tabulator cards for absentee and you still have the same 29 defined tabulators as always.

Good afternoon,

Overall, the proof looks really good. Per the email that went out to county clerks late on Friday, the only update would be to the Libertarian and American Solidarity tickets, who should also have the word "Party" included under the candidates. Other than that, you're all set.

Thanks!

Thanks!

Yeah, maybe for a day or 2 at least.

Kanye's campaign was 14 seconds late, but I think it's debatable unless they put 17:00:00

Otherwise it would be 16:59.59

Yvonne,

WEC sent a communication late on Friday afternoon. We have to add the word "Party" after Libertarian and American Solidarity so that the ballot reads Libertarian Party and American Solidarity Party.

Good afternoon,

Overall, the proof looks really good. Per the email that went out to county clerks late on Friday, the only update would be to the Libertarian and American Solidarity tickets, who should also have the word "Party" included under the candidates. Other than that, you're all set.

Thanks!

Yvonne,

I notice you have "party" after American Solidarity. WEC's email yesterday did not indicate that. Did you receive instructions on that at all? Just curious before I send a sample ballot to them for approval.

Hi Lisa

I couldn't fit it above president. It took up just a bit too much space.

I asked Cody if it was ok. Originally I thought that it could fit with 5 candidates, but it actually didn't end up fitting. He said it's better there vs splitting up president.

Hi Yvonne,

I have reviewed the ballots and I did not see any additional changes (just the pres/vice pres). Julie will need to review yet too.

I do have a question as I know Julie will ask. Why is the Notice to Voters and General Instructions across the top of the ballot versus in boxes in the left hand column as shown in WEC's sample ballot. Looking back I see the November 2016 ballot was done as these proofs for November 2020.

Hope things are going well leading up to the primary.

I was wondering if you had a November BAC that I could begin working with. I can put candidate placeholders in the meantime just to try to get it laid out. I am also looking for any contests that weren't on the August ballot (such as ballot questions). Please let me know. Thank you!

I'm not sure. The way I read the memo it could possibly be 5?:

Major Party Candidates – they have received 2 of the 3 parties and are waiting for the last set of filings from the Republican party. Does not clarify if Republican of 2 of the 3 or the 3<sup>rd</sup>. (2 or 3?)

Then you have the Libertarian and American Solidarity Party. (2)

Maybe I'm reading too much into it.

Dear County Clerks,

Please find the Type B notice attached to this message for the November General Election. We wanted to also provide you with some updates on candidate certification as we understand you are waiting for that information to complete ballot preparations. As you know, there are three certifications that need to happen prior to a presidential election and they are all in various stages of completion at this point. I know that we are usually able to provide you with candidate certification when we provide the Type B notice but we are not able to consolidate that information for this election. Here is the update on candidate certification:

1. **Partisan Primary Canvass** – We have noticed the canvass signing for this afternoon (8/26) at 4pm. Once the August canvass is signed we will send the candidate certification list to the counties.
2. **Major Party Presidential Candidates** – The Commission is expected to certify the slate of candidates for President and Vice President from the major political parties during their 9/1 meeting. We have received filings from 2 of the 3 parties and are waiting for the last set of filings from the Republican Party, which are expected soon.
3. **Independent Presidential Candidates** - The Commission met and approved candidates from two parties at their meeting last week and denied ballot access to two other groups. We have not heard if any of the parties who were denied ballot access will appeal the Commission's decisions. The approved candidates are as follows (listed with their name as it should appear on the ballot):

■■■■■■■■■■ Jo Jorgensen / Jeremy Spike Cohen representing the Libertarian Party

■■■■■■■■■■ Brian Carroll / Amar Patel representing the American Solidarity Party

We will communicate any changes in status to the list of candidates as soon as we receive them. We will also let you know if any court challenges are filed against the Commission's decisions for the independent presidential candidates. Thank you for all of your hard work in support of this election cycle. Let us know if you have any questions about when the full list of candidates will be available.

Thank you Lisa for keeping me posted. I don't think it was sent to vendors.

Dear County Clerks,

Please find the Type B notice attached to this message for the November General Election. We wanted to also provide you with some updates on candidate certification as we understand you are waiting for that information to complete ballot preparations. As you know, there are three certifications that need to happen prior to a presidential election and they are all in various stages of completion at this point. I know that we are usually able to provide you with candidate certification when we provide the Type B notice but we are not able to consolidate that information for this election. Here is the update on candidate certification:

1. **Partisan Primary Canvass** – We have noticed the canvass signing for this afternoon (8/26) at 4pm. Once the August canvass is signed we will send the candidate certification list to the counties.

2. **Major Party Presidential Candidates** – The Commission is expected to certify the slate of candidates for President and Vice President from the major political parties during their 9/1 meeting. We have received filings from 2 of the 3 parties and are waiting for the last set of filings from the Republican Party, which are expected soon.
3. **Independent Presidential Candidates** - The Commission met and approved candidates from two parties at their meeting last week and denied ballot access to two other groups. We have not heard if any of the parties who were denied ballot access will appeal the Commission's decisions. The approved candidates are as follows (listed with their name as it should appear on the ballot):

- Jo Jorgensen / Jeremy Spike Cohen representing the Libertarian Party
- Brian Carroll / Amar Patel representing the American Solidarity Party

We will communicate any changes in status to the list of candidates as soon as we receive them. We will also let you know if any court challenges are filed against the Commission's decisions for the independent presidential candidates. Thank you for all of your hard work in support of this election cycle. Let us know if you have any questions about when the full list of candidates will be available.

Best,

Hi Lisa

I hope your election went well.

I am emailing you since you tend to have a good beat on what's going on in WI and I am really trying to plan out my programming times as I have 11 counties and I want to get ballots to customers in a timely manner.

I am looking at the schedule and it seems like we can have proofs for the state on the 26<sup>th</sup> of August, but then presidential candidates aren't certified until the 1<sup>st</sup> of September.

That doesn't leave a lot of time for printing and mailing out ballots.

The Oz ballots are done other than waiting for Presidential candidates/party names, but I can't begin audio until ballots are done.

What is your understanding of when we will get the list of presidential candidates and when the ballots can go to the printer?

Thank you for being an informative resource for me!
